

GRADE 9 MATH - Algebra Assignments for week 26 to 30 September

When you report to your first Math class, you must hand in a set of completed (pen and paper) worksheets for each of the following topics plus a one paragraph (10 lines) self-reflection journal entry.

Objectives:

- Refresh skills previously learned
- Consolidate prior knowledge
- Identify areas that need attention
- Self-assessment (Tell us about any problem areas)

Resources :

- Internet access
- Paper
- Pencil

Worksheet topics:

Compulsory: (one set per day)

1. Substitution
2. Finding the GCF of numbers
3. Exponents numbers
4. Basic Equations
5. Multiple signs and solving

Optional: You may select any other worksheets that you would like to review.

Directions:

- Visit the following site: <http://www.algebrahelp.com>
- Select the **Worksheets** tab in the student section.
- Select the topic as indicated above.
- If you need extra help, click on the **Lessons** tab and select the topic.
- You must complete the worksheet on paper and show all you work.
- Place your name on every page.
